

We had a pleasant time
to go to Warren. Walked all
the way and arrived here about
noon on Wednesday. Found
our Compay all gone to Huntington
have not seen Curtis, or Holmes
yet. Backus returned last
Night (Friday) and we will all
start for Camp Croftman on
Monday morning.

Backus says that the
Camp is full of Physicians
looking for a chance and
one had the impudence to request
that our men report to him their
sick every morning. But they
gave orders to our men to report to
Dr Gould until I came.

A. W. Johnson & J. Kingsbury each
gave me the coldest kind of a recommend.
I have found it quite dull staying

here this week, last evening I
attended church at the Presbyterian Home.
There is to be a preparatory lecture
to day & tomorrow on the Sacraments
of the Lords Supper ~~are~~ to be administered.
I will probably have some 3 hours
to stop in Cleveland on Tuesday
morning from 6 to 1/2 past 9 and
I will go up and take breakfast
with Goodales folks.

Oh! How I wish you were going
with me, I mean to try to have
them leave me for one or two days
at Cleveland so that I can go to
Chestnut when I get to camp.
I shall go immediately to Harrisburg
for examination.

Yesterday it snowed about 1 inch
deep this morning cold & blustering
but as I write 1 o'clock P. M. it is
growing milder.
