

Still I believe I should think that old Mother  
Jacks wanted to get married pretty bad to  
have that old Mr. Duff. I should not have  
thought that she should have nipped her old  
shoes on him but these strange things do  
happen. Miss Kellogg the great singer  
gives a concert at the Opera house  
tomorrow evening. I would like to go very  
much. It is not proved for certain  
whether I shall. But probably will not. Because  
I am ending up with so little when I quit  
work and I am bound to see what I can.  
It has been very warm today, but is cloudy  
now and will turn before morning I think.  
I was out in Collier in the day last week  
right among the grapes now I had a great  
deal of pick great bunches of them and  
Gorey picks up some water and gets so  
many that I had to get up in the night  
after I got home and go up to the office  
I was so sick to my stomach that I could  
not lay in bed it was about the clock in  
the morning and after I do not have many for  
I have to pay 5-~~10~~ apiece for them.  
Has the letter been fixed yet do you think  
attended to.

I agree with Father in regard to the suit. I  
do not think that it will ever amount to anything  
for I can not see any foundation for the suit  
in general I hope for anyway. Give my respects  
to Mr. West and Mrs. also and to all my friends  
and schoolmates. I will close now for I have a  
letter to write to Gilbert and it is getting late  
much love to all.  
Your loving son
