

also a Resticide for you would
five Dollars a China Tea set
for you. I was intending to
send it to allagany to day
& should if I had not got
your letter. I was told yester
day that I had received the
Appointment of Hospital
Steward But I have not
as yet received officine notice
of it. I expect if I ask it
that I can have first Lieuten
ant Commision in five weeks
as S. Polmes will go up to Quant
Master & then there will be a
vacancy. I think that there
will be a board called for examie
Candidates for Surgeon before
long, & then my Chanarare good
which I prefer to a Lieutenant
You note that you have had

the Toothache for a week
when you get to Cleveland
I wish you would have them
filled. I had all of mine
filled yesterday with Plastic
filling which I think is
better & cheaper than gold, it
keeps the tooth white & is near
the color of the tooth
I only paid four Dollars for
having them all fixed
I think that the Wills be at
Camp Curtin at least one month
longer if not 3 you can
direct to Camp Curtin and Capt
J. B. Backus W. Regt. and it will
find me let me go where
I will I feel much better
since I got your letter. You
do not know how much
I prize a letter from you.
