

Next fridy God spareing my life will be my 33 birth day
and if in this camp I will in all probability write you
again. I have not as yet attended church in Harrisburgh
there are a No. of good looking churches upon the outside
and I understand two fine ones on the inside

It is difficult for the soldiers to get out of camp
on the sabbath. I have attended worship in camp
five or six times. Would like to attend in Harrisburgh one
or twice before leaving

Give Ada for me and except a kiss for yourself
and believe me yours in love.

Newton
