

fifteen days. One week from
Wednesday he leaves for Warren
again, He will remain there a
day or two & then the company
leave for Huntington Pa where
the camp, and Newton goes to
Harrisburg to be examined when
he expects to get a surgeons
commission. If he does not
get his commission he will
apply for a discharge. I shall
stay here at his Brothers a while
perhaps all winter, but now
expect to be in Cleveland by
Christmas. If I go west I shall
go & see Naomi. I may possibly
come to Ellington in the
course of the winter. Give my
love to Mrs Farian Bagg when
you see her. Newton thinks
he will not write any now
but will write when he gets

in camp. Give my love to
all enquiring friends &
accept a share yourself.
Hoping this will find you
well I remain your affectionate
Daughter Amelia W. Marsh

I received a letter from
Kettie Cleland before I
left Bructford she said
Aunt Betsy had been
to see you I wish I could
have seen her
