will not feel obliged to ride so much.

I should enjoy the circulation of a paper if I were

Are you having a school at the Academy this
fall,

Reuben's wife is visiting in Callasongue and
Forestville where her friends live, you would
scarcely know Mary, she does not appear as she
used to, Reuben is to buy in the stone to
think of leaving, I have no time to write
more at present, be sure and write soon,
and write how Mrs Marsh is,

Love to all,
Yours in haste
