My Dear Wife

I have just
taken a letter from Adelbert
out of the P.O. Office I have
been writing for this ever since
I came home

Ada went to
Chrontungum Friday morning
What a terrible storm we had Thursday
night The water in the creek
was not been so high in 10 years
38 cubs ran in the street
and the people on its banks
were sure frightened

You had better go to Uncle
Arries as soon as Tuesday
write what day you want
to come home

The water in the cellar was
6 inches deep Friday morning
