

November the 25

Dear Father

it is not so great whil
since I wrote you but so long time since
I heard from you I am not very well for I have
wrote myself all up and give out Mrs Burgess
has been very sick she has another turn of
Bleeding to the lungs she is better now but not
able to do much and I have had my hands
and heart full I feel as though I was leaving
a pretty hard time since I came back
it would have been better for me if I had staid
there this winter I have wrote like an old
slave ever since I came back and I have
not received one dollar more that and
do not expect anything I do not want
to complain but I do not believe it is
my duty to work as I do and get nothing
you may tell Mrs Hiram Bagg I am coming
to live with Ellen & Eliza next summer
if they want me for I think it would be better
for me to be among my friends it would be pleasant
for you and for us I had a letter from
Aurelia last week she says she is coming
