

Cherry Creek April 5 / '92

My very dear Friends,

I am thinking of you nearly all the while lately & as often wish I could hear how dear Adar is & her dear helpless Mother is. How I wish I could hear from you every day as long as Adar is so sick. I do hope she is better today. Tell her I often think how she & Eder came over and cared for me when I was sick you all seem very dear to us we have thought of you & talked about you a great many times since we moved away & how many times I have said how I wish I could run in & see Mrs. Marsh. But I am very glad Mrs. Waith is there where she can help you that was my greatest desire to sell to some one who could help you when you needed help. We hope to be able to go over soon & see you all but this Spring weather makes me feel rather poorly. If I could see you Dr. Marsh you would give me something to strengthen me up. We all remember you in our prayers & feel that you all have the dear Saviour to lean upon in your deep trouble. Mr. H[?] joins with me in much love to you all.

Mr. & Mrs. Shepardson
